

Jigsaw Nova Fuel Management System - Gives you LIVE fuelling information

Nova Fuel Island Hardware

- User interface – numeric keyboard, four line LCD backlit display.
- Ultra reliable RFID tag reader.
- Non corroding, heavy duty, stainless steel enclosure.
- Full suite of managers functions.
- Optional automated, real time alarms by SMS messaging for fuel theft or system misuse.
- Optional tank gauge interface – direct wired or low cost radio gauge.

Time makes a small problem into a crisis – stay on top with live information !

Web Based Fuelling information

- Access to data from any web enabled PC or phone, using a secure login facility.
- Only standard web browser required – No system specific software to install or maintain on site.
- Additions and amendments have immediate effect at all fuelling locations in your network.
- No daily polling of fuel island terminals to manage – minimum daily support.
- Software updates and enhancements managed centrally removing the need for expensive site visits.
- A unique quick view gives simple summary of entire network.
- True multi user system giving local and/or central data management and reporting.
- Seamless integration with vehicle tracking systems.
- Seamless data export to fleet management software.
- Web based fuel card data import.
